<i>Spodoptera litura</i> *	Fall Armyworm

### PALM TREES

<i>Rhynchophorus ferrugineus</i>	Red Date Palm Weevil
----------------------------------	----------------------

The pheromone dispensers (lures) are available in individual and bulk packing. They are also sold as part of complete traps. Most common trap types are Delta (sticky) trap and Vario (funnel) trap. Other trap designs are obtainable. Dispensers and traps for pests which are not listed above may be available on request.

\* Dispensers produced from "certified pheromone batches"
